

# SAT School Day

Wednesday, March 1, 2023

## **What is the SAT?** - Scholastic Aptitude Test (SAT)

The SAT is an entrance exam used by most colleges and universities to make admissions decisions and for scholarship opportunities. The SAT is a multiple-choice, pencil-and-paper test created and administered by the College Board. The purpose of the SAT is to measure a high school student's readiness for college, and provide colleges with one common data point that can be used to compare all applicants. Overall, the higher you score on the SAT and/or ACT, the more options for attending and paying for college will be available.

**When am I scheduled to take it?** All SBHS 11<sup>th</sup> Graders are scheduled to take this **SAT exam on Wednesday, March 1, 2023**, during the school day, morning hours. Students do not have to register or sign up for this exam, they just need to show up to school; they will be assigned a classroom for that day and they will take the SAT exam there. Classroom assignments will be made available to them as we get closer to the exam day.

**How much does it cost?** Nothing...it's **FREE** to San Benito HS 11<sup>th</sup> Graders. SBCISD pays for all costs and fees for our SBHS Students.

**How can I practice for this SAT Exam?** Students are able to log into their College Board accounts and/or their Khan Academy accounts to continue practicing for this exam. A student guide will be made available at the College Center where students can pick one up so they can learn more and even study for it. It contains SAT information, test-taking advice & tips, and has practice questions. In addition, please view the following website for some more practice tests for our students to use:
